RANDY
FORBES
FOCUSED LEADERSHIP

Randy Forbes is leading the way on national issues while putting your priorities first. Randy is focused on finding solutions for some of our nation's most pressing issues such as energy, the economy and health care.

To achieve energy reform and to reach energy independence, Randy has proposed a nationally-acclaimed *New Manhattan Project* to bring together the best and brightest scientists in our nation in a competitive format to effectively research and achieve specific energy development goals.

“Randy Forbes has offered a common-sense, yet brilliant, plan for America.”
