

## Our Border Security

*"Our nation was born of immigrants, and those who come to the United States to work hard, obey the law, and become Americans have become productive and important members of our society. But while America is a nation of immigrants, she is also a nation of laws. We must send a message that our loyalty as a nation is to those who have made it great - those who respect our nations laws, seek legitimate ways into our country, and share our core belief that entry into the United States is not a right but a privilege."*

-- Congressman Randy Forbes

### Randy's Plan to Secure Our Border

**Protect Our National Unity.** Congressman Forbes supports making English the official language of the United States. He has cosponsored the English Language Unity Act, H.R. 997, which would declare English as the official language of the United States.

**Restore the Rule of Law in America.** We must send a message that we honor those who show respect for the rule of law in America by legitimately working their way into our country. Congressman Forbes has supported legislation that rejects amnesty legislation, deters illegal immigrations, and restores the rule of law in our country.

**Control the Border.** In a post September 11<sup>th</sup> society, it is unsafe for any country to have open borders with millions of individuals crossing illegally each year. We have a duty to ensure our national security by securing our borders. Congressman Forbes has supported prioritizing securing our borders, and has called on the Administration to comply with the Secure Fence Act of 2006 and build 700 miles of fencing along the southern border.
